# EcO<sub>3</sub>Ice™

ANTIMICROBIAL ICE PROTECTION

Item #:
Project:
Quantity:

## MODEL NUMBER

X4

## PRODUCT OVERVIEW

The compact *EcO<sub>3</sub>Ice* device uses a unique, synthetic diamond-based technology that continuously treats incoming ingredient water used by ice machines, killing bacteria, yeast and mold in the ice-making path from beginning to end. Reduces biofilm build-up, greatly extending required time between cleanings. With each cycle, *EcO<sub>3</sub>Ice* creates a small, safe but effective amount of pure ozone—nature’s own sanitizer—which continuously treats the machine interior, storage bin, remote bin and drains.

## STANDARD PRODUCT FEATURES

- Attaches quickly and easily to incoming water line of ice machine
- Runs silently and automatically
- Operator-replaceable, “twist-on” electrolytic cartridge

## X4 COMPATABILITY

- Fits most commercial ice machines with ice making capacity of 100lbs or larger with flow rate of up to 1.3gpm
- For units requiring more than 1.3gpm, refer to Model X16

## CARTRIDGE LIFE

- 50,000 gallons\*
- LED indicator lamps show status, tells when it’s time to replace cartridge

## WARRANTY

- Warranted against defects in materials and workmanship for 1 year
  - Parts only, on head unit
  - 30 days parts-only on cartridge
  - Normal use exclusions apply, per Operation Manual.

\*Cartridge life is dependent upon water quality and ice machine water consumption

ECO<sub>3</sub>Ice™ - ANTIMICROBIAL ICE PROTECTION

# EcO<sub>3</sub>Ice™ - ANTIMICROBIAL ICE PROTECTION

## Model X4

<b>DIMENSIONS</b>	Width	3.8" 97mm	<b>SHORT-FORM SPECIFICATIONS:</b> Model No <i>EcO<sub>3</sub>Ice</i> X4 measures approximately 3.8" W x 3.6" D x 8.0" H and requires 100-240v, 50/60 Hz supply for provided 24v, 1.25a transformer (integrated into power cord). Unit shall include synthetic diamond-based electrolytic technology to produce a small, safe and precise amount of dissolved ozone from the oxygen in the ice machine's water supply; removable electrolytic cell cartridge; LED indicator lights for cartridge replacement and system function. Shall include 1 year parts-only warranty on head unit and 30 days parts-only warranty on replacement cartridge.		
	Depth	3.6" 91mm			
	Height	8.0" 203mm			
<b>ELECTRICAL</b>	Voltage	100-240			
	Phase	1			
	Amps (by phase)	1.25 Max			
	Watts (by phase)	30 Max			
	Unswitched Circuit  Within 5' of <i>EcO<sub>3</sub>Ice</i> assembly				
<b>WEIGHT</b>	Net Weight	1.8 lbs		<b>WATER</b>	
	Gross Weight	2 lbs			
	FOB	Fayetteville, TN 37334			
<b>SHIPPING</b>	Freight Class	Ships via UPS	<b>MISC.</b>		
				Water Line Connection	3/8" OD push/pull fitting or 3/8" barbed fitting
				Water Temperature	40°F to 86°F (4°C to 30°C) WRAS approved for cold water use only in UK. (4°C - 23°C)
				Water Quality	Clean, Potable Water Only (recommended hardness ≤300 ppm CaCO <sub>3</sub> )
			Water Supply Pressure	min 20 psi max 125 psi min (1.37 bar) max (8.62 bar)	
			Water Flow	0.34gpm - 1.3gpm (1.3lpm - 4.9lpm)	
				1. Connect <i>EcO<sub>3</sub>Ice</i> only to a cube, not a flake/nugget, ice machine 2. Connect only one ice machine per <i>EcO<sub>3</sub>Ice</i> device 3. Connect <i>EcO<sub>3</sub>Ice</i> only to a commercial ice machine, not a household ice maker. 4. Do not connect <i>EcO<sub>3</sub>Ice</i> to other devices, such as a beverage or water dispenser. 5. <i>EcO<sub>3</sub>Ice</i> does not replace mechanical water filtration. For best results, always connect <i>EcO<sub>3</sub>Ice</i> in the water supply line between the filtration system and the ice machine.
